The Event:

Tina Olson, in conjunction with Barrel Racers National (BRN4D) is hosting the 2nd annual Chasin' for Chopper fundraising barrel race and auction. The race will be held at the BRN4D Arena in Oregon City. **100%** of all proceeds from the event will go to the Chopper Fund at the Humane Society for Southwest Washington to support animals in need of surgery and medical care.

♥ The winner of each of the five (5) divisions will be drawing for a beautiful diamond ring!

About the Chopper Fund:

The Chopper Fund was established January 2012 in loving memory of a 165 pound Rottweiler named Chopper. After being diagnosed with bi-lateral luxating patella and cruciate ligament tears Chopper was surrendered to the HSSW to be euthanized when his family could not afford to pay for the lifesaving surgery he needed. Both hind legs required corrective surgery in order for him to lead a normal life. The staff at HSSW realized what a kind and gentle soul he was and sent a plea to the public to raise funds for his surgery. The funds were raised in 48 hours and the surgery was performed soon afterward.

After his recovery Chopper was adopted, but had to be returned to the HSSW in March 2011 because his new family was moving and could not take him. That's when the Olson family adopted him. After having Chopper for only 9 months he was diagnosed with bone cancer. Having endured major surgeries and long recoveries for the majority of his life, the decision was made to end his pain and suffering and he bravely crossed over the Rainbow Bridge. Inspired by Choppers journey, the vision of the Chopper Fund was created.
