Please join us on Saturday, July 14th at Camas Meadows Golf Course outdoors on the Lower Terrace! Offering spectacular views of the 18th hole and picturesque setting. It will be a fun-filled evening to include a live auction, silent auction, food and drink.

100% of all proceeds from the event will go to the Chopper Fund at the Humane Society for Southwest Washington to provide support for dogs in need of lifesaving medical care.

About the Chopper Fund:

The Chopper Fund was established January 2012, in loving memory of a 165-pound Rottweiler named Chopper. After being diagnosed with bi-lateral luxating patella and cruciate ligament tears, Chopper was surrendered to the HSSW to be euthanized when his family could not afford to pay for the lifesaving surgery he needed. Both hind legs required corrective surgery in order for him to lead a normal life. The staff at HSSW realized what a kind and gentle soul he was and sent a plea to the public to raise funds for his surgery. The funds were raised in 48 hours and the surgery was performed soon afterward.

After his recovery Chopper was adopted, but had to be returned to the HSSW in March 2011 because his new family was moving and could not take him. That's when the Olson family of Brush Prairie adopted him. After having Chopper for only 9 months he was diagnosed with bone cancer. Having endured major surgeries and long recoveries for the majority of his life, the decision was made to end his pain and suffering and he bravely crossed over the Rainbow Bridge. Inspired by Chopper's journey, the vision of the Chopper Fund was created.
